### @Narendramodi

The significant improvements in railway infrastructure over the past ten years have changed the nation's image, they have also raised national spirits. Amrit Bharat and Namoo Bharat, among other facilities, are currently setting the new standard for Indian Railways.

(06 January, 2025)

### @JPNadda

Hon. PM Shri @narendramodi ji's vision of #ViksitBharat@2047 is not only guiding but also motivating all of us to work towards a country where the citizens have affordable, easily accessible, quality, inclusive and comprehensive healthcare. With the purpose of drawing up a holistic, innovative and progressive roadmap for our goals, the Health Ministry organised a Manthan Shivir today which I chaired. Senior policy makers and implementation agencies participated in this Manthan and enthusiastically debated and discussed on various themes that shall transform, reform and energise the country's healthcare sector. I am confident that the energy of these sessions will fuel a Viksit Bharat as envisioned by our Pradhan Mantri ji. (04 January, 2025)

### @AmitShah

Launched the #BHARATPOL portal today (January7), developed by the CBI. The new global data-sharing platform among agencies will create a milestone in pursuing PM Shri @narendramodi Ji's vision to curb borderless crimes through global cooperation and help us bring back fugitives from abroad. Also, presented Police Medals to the CBI officials for exemplary service to the nation.

(07 January, 2025)

### @Rajnathsingh

Today (January1), on the very first day of the year 2025, many important decisions have been taken regarding farmers in the cabinet meeting chaired by Prime Minister Shri @narendramodi. The government has given a big gift to the farmers by giving subsidy on DAP fertilizer and expanding the crop insurance scheme. Prime Minister Modi's first decision in the new year is dedicated to the farmers. This decision of the Prime Minister is a great example of his commitment towards farmer welfare. I express my gratitude to him for this.

(01 January, 2025)

### @B.L Santhosh

Well done Team @BJP4Maharashtra for enrolling more than 4.5L members today in special drive. @BJP4Bengal also enrolled more than 50K primary members today. Congratulations to all at booth level who made it possible. #SadasyataAbhiyan2024

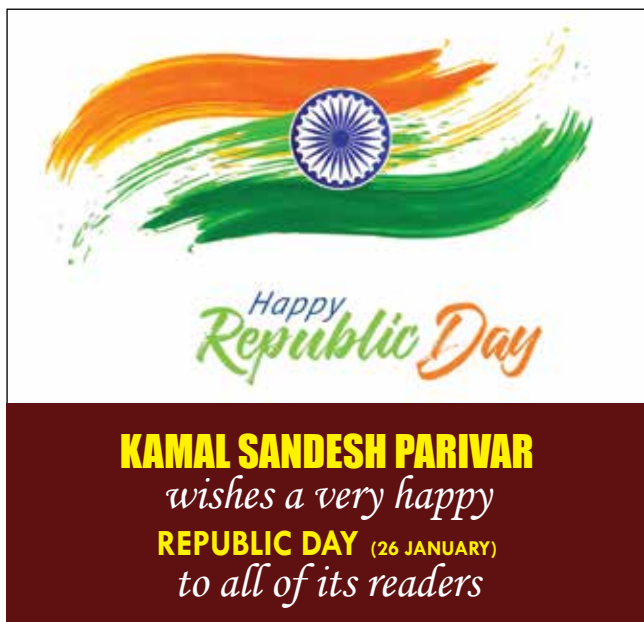

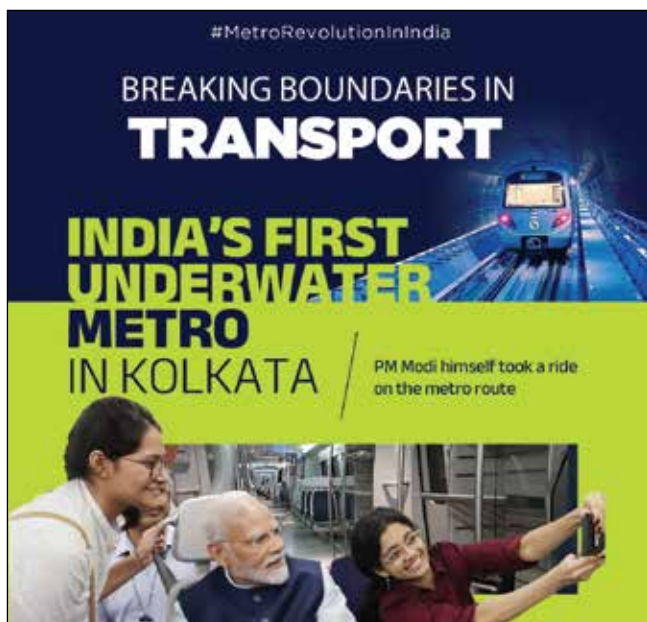

(05 January, 2025)

### @Piyush Goyal

Modi Government's Governance Model - Empowering every section of society  
The reduction in poverty rates from 22% in 2011-12 to below 5% in 2023-24 is a testament to PM @NarendraModi ji's firm commitment to meeting the basic needs of every individual in India!

(04 January, 2025)

# AAP-DA NAHIN SAHENGE...BADAL KE RAHENGE

The announcement of dates for assembly elections in the National Capital Territory of Delhi has enthused the people hoping to see the end of the Aam Aadmi Party (AAP) regime in the state. The 10-year misrule of the AAP government has seen rampant corruption, insensitive administration, false promises, and paralysed governance failing to address even the basic issues like health, education, roads, cleanliness, and drinking water in the capital city. AAP leader Arvind Kejriwal, who is embroiled in a number of corruption cases along with many of his senior ministers, has now become a brazen symbol of unprincipled and opportunistic politics in the country. He has not only taken politics to a new low but also become a shameful epitome of corruption, misrule, and unethical practices while backtracking on promises every now and then. Any analysis of the AAP's decade-long rule may instantly reveal the total failure of the AAP government on every front, making it what's now called a 'Decade of Disaster.' The Prime Minister, Shri Narendra Modi, while addressing a rally in Delhi, has rightly pointed out the gross insensitivity of the AAP government when he said, "When Delhi was fighting for the oxygen and medicines, their focus was on their Sheeshmahal." The result is that the people of Delhi are now echoing the general sentiment, "AAP-da Nahin Sahenge...Badal Ke Rahenge".

It is highly surprising to see Congress swearing by the name of the Constitution and Bharat Ratna Babasaheb Dr. Bhimrao Ambedkar these days while attempting to cover its own misdeeds in the past. The Congress has an appalling history of repeatedly attacking and assaulting the Constitution and humiliating Babasaheb Dr. Ambedkar and his legacy. The nation still remembers the way the Constitution was repeatedly amended

**“When Delhi was fighting for the oxygen and medicines, their focus was on their Sheeshmahal.” The result is that the people of Delhi are now echoing the general sentiment, “AAP-da Nahin Sahenge...Badal Ke Rahenge”**

by the Congress regimes to suit its political interests, and the constitutional spirit and values were trampled under its authoritarian leadership. The Congress went to the extent of imposing Emergency on the country while suspending fundamental rights, jailing opposition leaders, censoring media, and enacting draconian laws like MISA. It has a history of dismissing and destabilising non-Congress state governments, causing huge damage to the federal structure of the constitution. In the centre also, it has destabilised the elected government many times, creating political instability in the country. As a staunch believer in dynastic politics, the loyalty of the Congress has remained limited to a single family at the top in complete contravention of democratic values and spirit enshrined in the Constitution. Its leadership has always treated constitutional institutions with contempt and undermined their jurisdiction whenever possible. It will not be wrong to say that the Congress stands for authoritarianism and dictatorship in the country.

The undemocratic character of the Congress was unveiled since the time of independence when the Congress leadership sought to humiliate and sideline the stalwarts of the time, including Babasaheb Dr. Bhimrao Ambedkar. As Babasaheb had to suffer continuous insult and neglect, he was forced to resign from the Nehru cabinet under an extremely humiliating condition. His remarkable contribution as the Architect of the Indian Constitution was ignored, and he was not given the Bharat Ratna by the Congress, nor was his portrait given any space in the central hall of parliament. It was when the BJP-supported government came in the centre that Babasaheb was given the Bharat Ratna, and his portrait found a place in the central hall due to the continuous efforts of Shri Atal Bihari Vajpayee. The Prime Minister, Shri Narendra Modi, has taken a number of steps to honour the legacy of Babasaheb, which includes building 'Panchtirtha,' launching 'Bhim App,' and following the path shown by him. As the people continuously shower blessings on the leadership of Prime Minister Shri Narendra Modi and the BJP, the NDA governments at the centre and in the states are committed to working tirelessly in the interest of deprived, exploited, oppressed, and weaker sections of society. ■

**PM MODI ADDRESSES  
MASSIVE RALLY IN DELHI**

# **DELHI DESERVES A GOVERNMENT THAT LISTENS, CARES AND ACTS: PM MODI**

Prime Minister Shri Narendra Modi addressed a massive and enthusiastic rally in Rohini, Delhi on 05 January 2025, laying out a compelling vision for the city's future under BJP's governance. With resounding cheers from the crowd, the Prime Minister called upon the people of Delhi to usher in an era of good governance by ending a decade of administrative failures and empowering a "double-engine government" to transform the capital into a global model of urban development. The Prime Minister began his address by celebrating Delhi's legacy as a city of dreams and opportunities. Saluting the resilience and vibrancy of Delhiites, he emphasized the city's crucial role in India's journey to becoming a developed nation. Highlighting the next 25 years as a transformative period for the country, he underscored the importance of Delhi's alignment with India's broader development goals.

Speaking to the huge gathering, Prime Minister Shri Narendra Modi passionately declared that the coming years will witness India emerging as the world's third-largest economy, and for this aspiration to materialize, Delhi must set an example as a capital city that mirrors the nation's ambition. Shri Modi emphasized that the BJP is the only party with the vision, capability,

and commitment to lead Delhi into this new era of development.

## **BJP's clear roadmap for Delhi**

Throughout his speech, the Prime Minister outlined BJP's clear roadmap for the city, which includes expanding Delhi's metro connectivity, addressing

traffic congestion through modernized road networks, and investing heavily in housing for the poor and middle class. He pointed out that the BJP-led central government has already allocated 75,000 crores for the city's development, leading to projects like metro extensions and world-class highways. The focus, he asserted, is not just on infrastructure but also on creating an environment that fosters growth and opportunities for every citizen, especially the youth.

### **The opposition's focus was on 'sheesh mahal'**

While discussing development, PM Shri Modi did not shy away from addressing the failures of the opposition government. In a scathing critique, he described the past decade as a "decade of disaster," with the opposition prioritizing personal luxuries over public welfare. He highlighted a recent revelation based on a CAG report in a newspaper that the opposition spent exorbitant amounts of money on building their lavish residences, even as Delhi's citizens struggled with basic necessities during the pandemic. "When Delhi was fighting for oxygen and medicines, their focus was on their 'sheesh mahal,'" he remarked, drawing sharp contrasts between BJP's commitment to public welfare and the opposition's misplaced priorities. "AAP-da Nahin Sahenge...Badal Ke Rahenge," he added.

### **Empowering women and improving the lives of Delhi's families**

The Prime Minister also detailed the BJP's unwavering focus on empowering women and improving the lives of Delhi's families. He praised the central government's initiatives, including the Ujjwala Yojana, construction of millions of toilets, and schemes to promote women's education and financial independence. He reiterated BJP's dedication to ensuring a safe, prosperous, and opportunity-filled environment for women in Delhi. "The life of every mother, sister, and daughter in Delhi will be

made easier under a BJP government," he assured the audience.

### **Align the city's governance with that of the central government**

As the rally progressed, Shri Modi made a heartfelt appeal to the people of Delhi to align the city's governance with that of the central government, referring to this as the "double-engine government" model. He argued that such a model would accelerate development and ensure seamless execution of policies that prioritize the needs of the people. "A double-engine government is not just a promise; it is the path to a modern, vibrant, and progressive Delhi," the PM affirmed.

The Prime Minister also spoke of BJP's proven track record of governance across India, citing recent electoral successes and development achievements in states like Maharashtra, Odisha, and Haryana. He expressed confidence that Delhi, too, would soon place its trust in the BJP's leadership, bringing the same transformative governance to the capital.

### **Transforming Delhi into one of world's best cities**

PM Shri Modi reiterated BJP's commitment to transforming Delhi into one of the world's best cities. He assured the people that under BJP's leadership, Delhi would become a beacon of hope and progress for India and the world. Urging BJP workers to connect with every voter, he asked them to spread the message of development, good governance, and accountability. "Delhi deserves a government that listens, cares, and acts. Only BJP can make that vision a reality," he said.

With loud chants of support from the Karyakartas and supporters, the Prime Minister's rally concluded on a high note, signaling strong public enthusiasm for BJP's vision and leadership. The rally set the stage for the upcoming Delhi Election, as the capital looks toward a future of good governance and unprecedented progress. ■

# DELHI'S VOTERS HAVE RESOLVED TO FREE THE CITY FROM 'AAP-DA': PM MODI

PM INAUGURATES NEWLY CONSTRUCTED FLATS FOR ECONOMICALLY WEAKER SECTION IN DELHI

Inaugurating 1,675 newly constructed flats for the Economically Weaker Section at Ashok Vihar in Delhi on 03 January 2025, Prime Minister Shri Narendra Modi said the year 2025 will bring numerous new opportunities for Bharat's development. He said congratulating those families, mothers and sisters whose new lives are beginning in a new way.

## Focused on building a 'Viksit Bharat'

Today, the entire nation is focused on building a 'Viksit Bharat' (Developed India). A 'Viksit Bharat' means every citizen has a solid roof over their head and a good home. We are working with this resolution, and Delhi has a significant role to play in achieving it. That's why the BJP-led central government launched a campaign to replace slums with permanent houses. Two years ago, I had the opportunity to inaugurate over 3,000 houses for our brothers and sisters living in slums at Kalkaji Extension.

- These 'Swabhimaan Apartments' are a symbol of dignity and self-respect for the underprivileged.
- These homes for the underprivileged are equipped with every facility necessary for a better life.
- These amenities awaken dignity, boost self-confidence, and represent the true energy of a 'Viksit Bharat'. But we won't stop here.
- In Delhi, construction of around 3,000 more such homes are nearing completion and new homes will be handed over to Delhiites in the near future.

## Delhi govt caused immense harm to school education

The current state government, which has been in power for the past 10 years, has caused immense harm to Delhi's school education system. The situation has become so dire that under the Samagra Shiksha Abhiyan, the funds provided by the central government

for education were grossly underutilized and the state couldn't even spend half of the funds allocated.

## From scams in liquor contracts, to irregularities

This is the capital of the country, and the people of Delhi have the right to dream of good governance. However, for the past 10 years, Delhi has been surrounded by a major 'AAP-da' (crisis). Some corrupt individuals, by putting Anna Hazare ji at the forefront, have pushed Delhi into this 'AAP-da'.

- From scams in liquor contracts, to irregularities in children's schools, to frauds in healthcare for the poor, and even corruption under the guise of fighting pollution and in recruitments—these people who once spoke about Delhi's development have turned into a source of 'AAP-da' for the city.
- They not only indulge in blatant corruption but also glorify it.
- It's like a thief adding insult to injury- this crisis, this 'AAP-da' has descended upon Delhi.
- That's why the people of Delhi have launched a battle against this 'AAP-da'.
- The voters of Delhi are determined to free the city from this 'AAP-da'.
- Every citizen of Delhi, every child of Delhi, is raising their voice from every corner of the city, saying, "We will not tolerate this 'AAP-da', we will bring about change!"

After investing millions of rupees to build homes, it is only natural for the people of Delhi to feel heartbroken when there is no proper sewage system, broken drains, or dirty water flowing in the streets. Those who betrayed the trust of the people of Delhi, took false oaths, and built 'Sheesh Mahal' for themselves, will soon face the consequences. When 'AAP-da' is replaced by the BJP, all these problems will be resolved. ■

## **Delhi welfare schemes will not stop if BJP comes to power: Amit Shah**

Addressing the Jhuggi Basti Pradhan Sammelan held at Delhi's Jawaharlal Nehru stadium on 11 January 2025, Union Home and Cooperation Minister Shri Amit Shah said the welfare schemes in the capital will not stop if the BJP comes to power; rather, the BJP government will improve them.

### **Every slum dweller will be provided a house**

- Shri Shah also promised that if the BJP wins the election, every slum dweller will be provided a house under the PM Awas Yojana.
- The residents of the capital's slums will throw away the 'AAP-Da' and become liberators of Delhi.

### **Pathetic conditions**

- Shri Shah said that, despite its tall promises of clean water, good education, and a garbage-free-city, the AAP government has forced slum dwellers to live in pathetic conditions, with dirty water, air pollution, broken roads, and garbage.
- Congratulating the Delhi BJP for fighting against the AAP on behalf of the slum dwellers, Shri Shah said, "Our leader spent several nights in the (Jhuggi Jhopri) JJ clusters, and made a list of all your trouble and submitted it to PM and keeping this in mind, we will bring our Sankalp Patra."

### **Delhi has become hell**

- Shri Shah said the AAP is doing the work of disaster in Delhi, while India has progressed over the last ten years, Delhi has stayed stagnant. Delhi has become hell because of 'AAP-da', he added.
- "Lies, betrayal and going back on promises" are the qualities of Mr. Kejriwal, Shri Shah said the AAP leader building a 'Sheesh Mahal' instead of building the toilets needed in Delhi's slum clusters.
- While the Prime Minister gave the poor houses, ration, cheap medicines, loans, and cooking gas, Mr. Kejriwal has done nothing for them in Delhi. ■

## **'BJP will provide honest and accountable governance in Delhi'**

Addressing a huge rally in Delhi after inaugurating a working women's hostel - Sushma Bhavan, Union Home and Cooperation Minister Shri Amit Shah on 04 January 2025 said former Chief Minister Mr. Kejriwal built a luxurious home 'Sheesh Mahal' for himself using people's money instead of building infrastructure in Delhi.

### **Kejriwal must answer for his actions**

- Shri Shah said the Aam Aadmi Party national convenor will have to give an account of his deeds to the people of Delhi.
  - The Aam Aadmi Party government in Delhi could not build a system to supply water to the residents, but Kejriwal spent Rs 14 crore on a water plant for his family of four.
  - Expensive marbles of over Rs 6 crore, motorised curtains of Rs 6 crore, automatic doors worth Rs 70 lakh, carpets valued at Rs 50 lakh and smart TVs worth Rs 64 lakh were bought for the chief minister's residence when Kejriwal occupied it.

### **Kejriwal covering up corruption and shielding corrupt people**

- Amit Shah also accused the former Delhi Chief Minister of covering up corruption and shielding corrupt people in his government.
- He said that Kejriwal oversaw a range of corruption scandals, including Delhi's liquor policy, Mohalla Clinics, CCTV installations, and bus purchases.
- The Home Minister remembered the leadership qualities of former Delhi Chief Minister Sushma Swaraj, and recalled her contribution to various key ministries.
- "People of Delhi are smart, and they will not be deceived. Mr. Kejriwal must answer for his actions," Shri Shah said. He assured of the BJP's commitment to provide "honest and accountable" governance in the national capital. ■

# FOR DR. AMBEDKAR THE NATION WAS PARAMOUNT

The country is celebrating the 75th year of its Constitution. This is the time to “respect the Constitution”. This is a historic journey of the Constitution which has established itself as a strong force by overcoming many obstacles and challenges. This is an achievement because the average age of most Constitutions of other countries that gained independence along with India has been 15 to 17 years. India has stood in the category of a successful democracy. At the time of this success, it is necessary to remember those constitution makers in which Dr. Ambedkar represents everyone as a symbol. Respecting the Constitution is respecting Dr. B.R. Ambedkar.

DR. VIRENDRA  
KUMAR

Baba Saheb is the architect of the Constitution of India. Dr. Ambedkar was spiritual. He believed that the supreme conscious soul is present in everyone. He was the Chairman of the Drafting Committee and contributed to the drafting of the Constitution. Dr. Ambedkar's Constitution is based on the concept of “Atmavat Sarvabhutesh”. If this were not so, such a beautiful preamble would not have come out. We all know that the soul of the Indian Constitution lies in its preamble. The preamble is the national objective of India. Its attainment is the desired goal. The preamble is the basic spirit or life element of the Indian Constitution.

Dr. Ambedkar spoke for the first time in the Constituent Assembly on 17 December 1946 and for the last time on 25 November 1949 when the Constitution was ready. He was elected Chairman of the Drafting Committee on 29 August 1947. We cannot mention all the speeches but his remarks of 25 November as the

Chairman of the Drafting Committee are the essence of all, this speech is very meaningful and relevant in which he has explained the working system of the Constitution, the pre-conditions for the success of democracy and the apprehensions of its failure.

The first meeting of the Constituent Assembly on 9 December 1946 and the entire constitution was prepared in two years, eleven months and seventeen days for which a total of seventeen sessions of the Constituent Assembly were held. Out of these seventeen sessions, the first six sessions were spent in passing the objective resolution and considering the reports of the committees on Fundamental Rights, Union Constitution, Union powers, Provincial Constitution, Minority Classes and Scheduled Areas and Scheduled Tribes. The draft of the constitution was discussed in the seventh, eighth, ninth, tenth and eleventh sessions. These eleven sessions of the Constituent Assembly took 165 days. Out of these, the assembly spent 114 days in considering the draft of the constitution. He himself had placed these facts on the table of the House.

Baba Saheb's role as the architect of the Constitution is extensive

because he was the chairman of the drafting committee. In a way, he is synonymous with the Constitution. Almost all articles are some answer or suggestion, but it is necessary to mention some of his contributions.

One word is enough to commemorate his contribution to nation building and integration of the nation. Article 1 of the Indian Constitution states that “India That is Bharat shall be Union of States”, India will be a ‘Union of States’. This term paves the way for the process of integration of India.

His political life can be generally divided into two phases from an ideological point of view. The first stage is where Dr. Ambedkar is against the Indian National Congress. The second stage is the welfare of the untouchable society which is at the center of his thinking.

When he becomes the chairman of the drafting committee, nationalism is visible in his thoughts. Nation building and integration of the nation become the dimensions of his thinking. The Constituent Assembly, was vocal and clear on issues such as Uniform Civil Code, language, powers with the Centre etc.

As a Law Minister, he called his community to return from Pakistan, advised them not to accept Islam

and must pay attention to national interests. Here, Dr. Ambedkar emerges as an epochal leader.

For Dr. Ambedkar, the nation was paramount. He was a staunch patriot because the focus of his entire thinking was India and its future. His research from the London School of Economics was also about strengthening India's economy and his research from Columbia University also focuses on India's trade/business/commerce. Therefore, we can say that wherever Dr. Ambedkar lived, his country was always there. India was the only thing that lived in his mind. Therefore, when we look at Dr. Ambedkar in totality, we see the greatness of his life. He gives a message to every Indian. "We are Indian Firstly and Lastly", this line looks simple to read but its meaning is equally deep.

Dr. Ambedkar was always against the forces supporting the divisive policies of the country. Before the partition of India, he exposed the conspiracies against India in Pakistan and Partition of India. In his speeches, he says that if Pakistan has to be created, then there should be "total exchange of Muslim population", that he advocated sending the entire Muslim population to Pakistan.

After the partition of India, the Nizam of Hyderabad did not merge with India and Dr. Ambedkar was very saddened by the continuous incidents of atrocities on Dalits by him and in Pakistan. Dalits were being forcibly converted to Islam in Hyderabad and Pakistan. Dr. Ambedkar, calling the Nizam of Hyderabad an enemy of India, instructed the Dalits there not to support him. His nationalism is clearly reflected here.

There was a natural apprehension in the Indian and Western world that how long will independent India remain independent. This question was also before Ambedkar. Being the chairman of the drafting committee, it was necessary to know its answer. Therefore, Dr. Ambedkar says that "On 26 January 1950, India will be an independent country". What will be the result of its independence? Will it be able to protect its independence or will it lose it again?

Dr. Ambedkar's second fear is about the future of the Indian Constitution. He says that when India becomes a republic on 26 January 1950, what will be the future of its democratic Constitution? Will we be able to protect it or will lose it again? This is the second thought that arises in his mind and disturbs him like the first thought.

The third question was what is the quality of the Constitution? Dr. Ambedkar connects the Constitution

and political culture and says that "I believe that no matter how good the Constitution is, if the people implementing it are bad, then it definitely becomes bad". The functioning of the constitution does not depend entirely on the type of constitution. "The constitution is only a system which has been created for the smooth functioning of the various parts of the government. The future of the constitution depends on the form in which the common citizen participates in this political process.

In the context of India, he says three things for the success of democracy and constitution-

1. Abandoning the path of revolution
2. Discontinuation from personality worship
3. Coordination of political democracy with social and economic society.

It is the love of a good craftsman to keep the building constructed by him safe for a long time. He wants to keep it, so he resolves those fears also. Here Baba Saheb was in favour of keeping the Constitution flexible in the context of the challenges that would come in the future. The result of which can be seen today. Through this we can also see the significance and reality of the Constitution.

### **Hon'ble Modi ji's National Democratic Alliance Government and Dr. Ambedkar**

Hon'ble Modi ji's National Democratic Alliance (NDA) government has developed the places related to Dr. Ambedkar's life (Janmabhoomi, Shikshabhoomi, Dikshabhoomi, Mahaparinirvana Bhoomi and Chaityabhoomi) as Panchtirth to propagate his ideas. As per the government's instructions, 26 November is being celebrated as 'Constitution Day' from 2015. This is an acknowledgement of his contribution to the Constitution. Panchtirth has been developed as a symbol of harmony of the society. In a way, this is the time to respect the Constitution and the present government is paying tribute with 'Mansa Vacha Karmana' (Thought, Word and Action).

If we want to understand the coordination between the intentions of the present government and the ideals of Dr. Ambedkar, then there is the example of Padma Award distributed by the Government of India. If we understand the social configuration of the recipients of the Padma Award from 2015 till today, then the government has honored those persons from the lowest rung of the society who are engaged in selfless services to the nation. ■

**(The writer is Union Minister for Social Justice and Empowerment, GoI)**

# BABA SAHEB DR. BR AMBEDKAR

## Journey from injustice and insult to justice and respect

ARJUN RAM  
MEGHWAL

**N**ation builder Baba Saheb Dr. B.R. Ambedkar played the role of an architect in India, the mother of democracy, by combining constitutional values and embedding them in the values and culture of our country. Rising above the extremely adverse circumstances of his personal life, he paved the way for justice, liberty, equality, fraternity and empowerment for crores of people of the country. As the chief architect of the Indian Constitution, Baba Saheb ensured that liberty, equality and fraternity became the strong foundation of independent India's democracy by providing a framework for the upliftment of the oppressed of the society and eliminating institutional inequalities.

Despite his unique contribution in nation-building, people at the helm of political power denied rightful place, the respect and prestige Baba Saheb deserved not only during his lifetime but even after his Mahaparinirvana. Congress, in their pursuit of political dominance, reduced his monumental legacy to a footnote. By doing this the Congress leaders betrayed not only Baba Saheb but also the very ideals he stood for.

For decades, Congress has claimed to champion social justice,

but their actions paint a different picture, one of resistance and indifference. Failure of Congress to honor him reflects this party's betrayal of his vision. Congress, embroiled in ideological hypocrisy, is now forced to remember Baba Saheb Ambedkar under compulsion. This same Congress family insulted Baba Saheb time and again and continuously tried to destroy his legacy. It was the result of Congress's jealousy towards Baba Saheb that Baba Saheb was posthumously honored only in 1990, there was a delay of 34 years in awarding him the Bharat Ratna. In contrast, Jawaharlal Nehru and Indira Gandhi of the same family received this award during their tenure. Similarly, Congress showed reluctance in installing the portrait of Baba Saheb in the Central Hall of Parliament and the demand for displaying his painting in the Central Hall was repeatedly rejected on the pretext of lack of space and protocol. It was only after mounting pressure from Baba Saheb's followers that the picture could be installed in the Central Hall on August 9, 1989, which was later removed. Lakhs of followers felt cheated by this act of Congress. Later, on April 12, 1990, the Portrait of Baba Saheb was again installed in the Central Hall by the BJP-supported government. While the belongings of Nehru and Indira Gandhi were carefully preserved, Baba Saheb's typewriter, books and other artifacts, were left to languish for decades. These are being

preserved by the Modi government by building Dr. Ambedkar Socio-Economic and Cultural Center in Chincholi, Nagpur and his eternal legacy is being brought to life.

Dr. Ambedkar's political journey was repeatedly obstructed by Congress, which reveals their discomfort with his transformative vision. In the 1952 general elections, instead of supporting Baba Saheb's unopposed entry to Parliament, Congress fielded Shri Narayan Kajolkar against him, with Prime Minister Jawaharlal Nehru personally campaigning to defeat him. The betrayal continued in 1953, during the Bhandara by-election, where Congress fielded Mr. Van Khede to block Baba Saheb again and spread vicious propaganda regarding the practice of double voting to mislead the public. It is quite relevant to know here that in the first general election of 1952, the total number of rejected ballot papers was 74,333, but Baba Saheb was defeated by only 14,561 votes which was the result of Congress's planned propaganda.

Baba Saheb envisioned reservations as a tool to correct historical injustices and level the playing field, but Congress repeatedly obstructed these measures. Jawaharlal Nehru in his letter dated 27 June 1961 to Chief Ministers of the States criticised reservation and termed it "harmful to merit and efficiency". His remarks dismissed the structural barriers faced by marginalised communities. The Kaka Kalelkar Commission's

1955 recommendations, which aimed to identify and uplift backward classes, were similarly shelved under Congress's leadership. The Mandal Commission's findings further exposed Congress's reluctance to embrace affirmative action. In an interview given by the then Prime Minister Rajiv Gandhi in Navbharat Times on March 3, 1985, he said "Don't promote idiots in the name of reservation." This remark also shook the soul of the entire marginalized community. When V.P. Singh's government implemented the recommendations of Mandal Commission in 1990, late Shri Rajiv Gandhi, the then Leader of Opposition, opposed the move, calling it divisive and regressive and termed it a barrier for the progress of the country. Even today, Congress's contradictions on reservations have persisted. Shri Rahul Gandhi, while giving his lecture at Georgetown University of America in the year 2024, regarding reservation, suggested that reservation should be abolished when the time comes. All these facts reflect the ideological hypocrisy of the Congress and its historical discomfort with the reservation system along with its selective approach towards the rights given to the Scheduled Caste people who have been victims of exploitation for centuries.

Often, Congress leaders claim that Pandit Jawaharlal Nehru appointed Baba Saheb Ambedkar as the Chairman of the Drafting Committee, but this distorts history. As revealed in a letter from Edwina Mountbatten, it was Eamon de Valera, the former Prime Minister of Ireland, who recommended Baba Saheb for the role. Recognising his unmatched brilliance and patriotism, Edwina hailed him as the only leader capable of ensuring justice for all classes and creeds. His appointment was a testament to his intellect and moral authority, earned through the sheer force of his ideas and unwavering commitment to justice.

On the contrary, the Modi government, following the principles and ideals of Baba Saheb, not only successfully implemented hundreds of public welfare schemes but also worked to provide the respect and prestige Baba Saheb deserved by considering sensitively all the aspects related to his life. Panch Teerth which commemorates key milestones of his life i.e. Janmabhoomi Mhow (Madhya Pradesh), Shiksha Bhoomi (London), Deeksha Bhoomi (Nagpur), Parinirvana Bhoomi (Delhi) and Chaitya Bhoomi (Mumbai) have been constructed. To honour

Dr. Ambedkar's legacy and contributions, the Modi Government decided to celebrate 26th November every year as "Constitution Day" from the year 2015 on the occasion of the 125th birth anniversary of Dr. Ambedkar. On the occasion of Constitution Day 2023, a 7-foot-tall Panch Dhatu statue in lawyer's attire has been unveiled in the Supreme Court complex, the Supreme Temple of Justice. Baba Saheb's vision has breathed new life through policies implemented keeping in mind financial inclusion and social justice. Beyond symbolism, the Modi government has implemented transformative policies aligned with Baba Saheb's vision. Initiatives like Stand-Up India and the JAM Trinity (Jan Dhan-Aadhaar-Mobile) promote financial inclusion and entrepreneurship among marginalised communities, breaking cycles of dependency and exclusion. The introduction of reservations for Economically Weaker Sections (EWS) further reflects a commitment to correcting historical and economic disparities. With the inspiration of Baba Saheb, more than 25 crore people have come out of the poverty line in the last decade through the schemes implemented by Modi Government.

Dr. B.R. Ambedkar was far ahead of his time, envisioning a future where justice and equality were not just aspirations but lived realities. As the chief architect of the Constitution, he embedded safeguards to protect the dignity of every citizen, ensuring that systemic barriers could be dismantled through legal and institutional frameworks. The Modi government's initiatives provide a roadmap for meaningful change, but the journey is far from complete. Institutions, civil society, and individuals must join in the effort to realise Baba Saheb's dream of a nation where justice, equality, and fraternity are not just principles but lived realities.

Today, the name of Baba Saheb is being used by the opposition parties in the country, mainly Congress, for political gains and under the influence of vote bank politics. It is evident to everyone who honored Baba Saheb and who acted in real terms to honour him. The time has come to fully embrace Baba Saheb's vision, not just in governance but in every aspect of society. Let this be our commitment, to honour his memory through action and to ensure that his ideals guide India's journey toward justice and progress. ■

# INDIAN CONSTITUTION IS 'HOLY BOOK' FOR PM MODI

LAL SINGH ARYA

Everyone has the right to live with equality and dignity under the Constitution. It is clearly written in the Preamble of the Constitution that - 'We, the people of India...' here the words we and the people of India contain the feeling of unity. It is further written - to achieve social, economic and political justice, freedom of thought, expression, belief, religion and worship, equality and opportunity, these are, the appropriate words express the feeling of harmony in the diverse culture of India. The Preamble makes it clear that the unity and integrity of the nation cannot be ensured without brotherhood. Therefore, with all these feelings, we adopt the Constitution. It is our Constitution that ensures the education, security and respect of the citizens by making detailed provisions on the social, cultural, economic, geographical and many other dimensions of India. The Indian Constitution is the security shield for our people. It gives the message of the right to freedom and the limits of duties to every person. It is equal for everyone without the discrimination on the basis of caste, sect, language,

regionalism etc. The architects of our constitution have made such provisions after a detailed study and analysis of public interest, which have been accepted wholeheartedly by all. In one of his statements, Dr. Rajendra Prasad

has said that "In the draft we had to consider not only every article but almost every sentence and sometimes even every word of every article...we have prepared a democratic constitution".

It is going to be 75 years since the constitution came into force, now the question arises whether the basic foundation of our Constitution is being changed or amended? If it is being changed or amended then who has this right? Under what circumstances can it be changed or amended?

In the Preface is the Soul of our

Constitution, Dr. Ambedkar had said, "Can the soul be removed from the body?" If India is one country, then should one country-one Constitution be implemented or not? Can the wishes of religion, caste and parties be imposed on the Constitution? These are such burning questions which are very important to think today. Many times, for vested interests, some people or political parties try to spread confusion and fear about the constitution among the public. They forget that the Constitution is beyond caste, sect, religious beliefs etc. There is a parliamentary process for amending the Constitution, and that process too does not run according to the wishes of any person or party, but it can be done only after discussion and complete process in the parliament.

These days, opposition leader Rahul Gandhi waving the sacred Constitution in his hand and saying that the Constitution will be abolished, we are fighting to save the Constitution etc., conspires to incite Dalits and tribals. Rahul Gandhi does not read the Constitution, does not respect its spirit. He does not know that Baba Saheb Dr. Ambedkar kept the Constitution close to his heart. If Rahul Gandhi respected the Constitution, if he respected Baba Saheb Dr. Ambedkar, if he respected the country and

believed in the Constitution, he would not have hugged those who raised Pakistan Zindabad slogans in Jawaharlal Nehru University and would not have supported those who instigated riots, would not have met the separatists of Jammu and Kashmir, would not have made cow slaughterers Congress office bearers and would not have advocated reservation on the basis of religion. Now everyone is familiar with the anti-Constitution working system of the Congress. The history of Congress is that despite Dr. Ambedkar's refusal, they abolished the reservation of tribals in the Vidhan Sabha by imposing Article 370 in Jammu and Kashmir, imposed emergency in the country in 1975 by unnecessarily crushing the spirit of the Constitution, toppled governments elected by the people by imposing Article 356, 90 times, deprived the Valmiki community of constitutional rights in Jammu and Kashmir, etc., which proves the anti-Constitutional mentality of Congress. On the other hand, if we look at the Bharatiya Janata Party and Prime Minister Shri Narendra Modi, it is clear that for PM Modi, the Constitution is not a book but a national scripture or Holy Book. Therefore, respecting the Constitution and the wishes of revered Babasaheb Dr. Bhimrao Ambedkar, he removed Article 370 from Jammu and Kashmir and realising the dream of One Constitution-One Country, while on the other hand he protected reservation and constitutional rights, and has shown his unwavering respect

for the Constitution by officially celebrating Constitution Day on 26 November every year in the country since 2015. He had earlier also shown his sacred loyalty towards the Constitution by taking out the Samvidhan Gaurav Yatra while being the Chief Minister of Gujarat.

It is known that Congress amended the Constitution 80 times and many times the amendment was not in public interest but to save its power, like when Allahabad High Court had declared the election of Mrs. Indira Gandhi void, they amended the Constitution. Modi Ji amended the Constitution

**It is known that Congress amended the Constitution 80 times and many times the amendment was not in public interest but to save its power, like when Allahabad High Court had declared the election of Mrs. Indira Gandhi void, they amended the Constitution**

eight times in the interest of Dalits, deprived and backward classes and the discussion was held in both the houses of Parliament for two days.

Congress not only crushed the soul of the Constitution from time to time, it did not even spare the architect of Constitution Baba Saheb Dr. Ambedkar. This is the same Congress which made the great Baba Saheb Dr. Ambedkar, who struggled all his life to get social, economic, political and equal rights for crores of Dalits, deprived, tribals, poor, women and workers of the country, lose the Lok Sabha

elections in 1952 and the by-election in 1954, while committed a scam in the counting of votes and insulted Baba Saheb by awarding Padma Bhushan to Kajolkar who defeated Dr. Ambedkar. Congress did not honour him with Bharat Ratna while in the power, even did not display his life-size photograph in the central hall of Parliament, did not build national memorials at places related to his life across the country, did not name any scheme after him and not allowed the cremation of Baba Saheb in Delhi. These sins of Congress make it clear that it wanted to end the political and social legacy of Baba Saheb.

On the one hand, Congress had a dirty mentality of insulting Baba Saheb, on the other hand, BJP and Prime Minister Shri Narendra Modi built grand national memorials at his Birthplace (Mau, Madhya Pradesh), Sankalp Bhoomi (Vadodara), Deeksha Bhoomi (Nagpur), Maha Parinirvan Bhoomi (26 Alipur Road Delhi) and Chaityabhoomi (Mumbai).

Not only this, he expressed his true respect for him by buying the rented house where Baba Saheb used to stay while studying in London and converting it into Shiksha Bhoomi. Dr. Ambedkar International Center was built at 15 Janapat Marg, Delhi at a cost of 192 crore.

Prime Minister Shri Narendra Modi showed his respect by declaring these monuments as 'Panchtirtha', not brick and mortar buildings. Atal Ji and Advani Ji played an important role in getting 'Bharat Ratna' for Baba Saheb and display his life size portrait installed

in the Parliament.

Baba Saheb wanted that for maintaining the unity and integrity of the country; social, economic, political justice and equality of opportunity should be available for all the poor and deprived, not for only few people on the basis of caste or religion, and this has also been mentioned in the Constitution. But even after being in power for about 55 years at the center and for maximum number of times in the states, the Congress could not provide the poor and deprived their basic rights. The year 2014 brought the rise of India's fortune and hope for the poor, deprived, women and workers, when the reins of the country were handed over to Shri Narendra Modi, a man of strong resolve in Indian politics. In the last 10 years, Ayushman Yojana, free food grains to the poor, Ujjwala and Ujala Yojana, One Nation-One Ration card, Pradhan Mantri Awas Yojana, Construction of toilets in every house, Jan Dhan Yojana not only opened the avenues for development of the Dalits, tribals, underprivileged and other poor people, but also empowered them economically. For the first time, appointment of a Scheduled Caste and Scheduled Tribe judge in the Supreme Court has been ensured; selection of Hon'ble Shri Ramnath Kovind and Smt. Draupadi Murmu from the SC & ST communities for the post of President; appointment of Governors in four states for the first time; appointment of Deputy Chief Ministers in two states, Madhya Pradesh and Rajasthan, and Leader of Opposition in Karnataka and Jharkhand;

appointment of 12 Scheduled Caste and eight Scheduled Tribe people as ministers in the Central Government; for the first time after independence, appointment of a Scheduled Caste person to the post of Railway Board and tribal Shri Girish Chandra Murmu as the Comptroller and Auditor General, shows the respect to the Constitution and its spirit of equality in political and social opportunity.

Due to the narrow mindsness, Congress did not even try to honour other great men and saints, but Shri Narendra Modi named the temple and international airport in Ayodhya Dham after Maharishi

---

### **Prime Minister Shri Narendra Modi worked day and night to fulfill the resolution of 'Viksit Bharat' & 'Aatmanirbhar Bharat', empowerment of the poor and the deprived, making the youth, women, workers, farmers strong**

Valmiki ji, opened the way for making a Buddha circuit from Kushinagar to Kashi Sarnath via Bodh Gaya, laid the foundation stone of the temple of Sant Shiromani Ravidas ji in Sagar, Madhya Pradesh at a cost of 100 crores and established a grand Sant Ravidas Udyan and a 25 feet tall statue at his birthplace in Kashi. By naming the Mau Indore Railway Station after Dr. Ambedkar, he ensured the social equality as mentioned in the Constitution. The individuals and political parties do not become bigger due to their political agenda but are respected for their thinking and honest efforts.

Congress dwarfed itself with its narrow mindset, it considered itself bigger than the country for the fulfillment of political selfishness and made it a house of conspiracy, so today their political graph is on the verge of collapse.

The goal of BJP is to attain Antyodaya, which state family is bigger than the individual, society is bigger than the family, country is bigger than the society, with this feeling, keeping political interests aside, the party is working tirelessly for the society. Prime Minister Shri Narendra Modi worked day and night to fulfill the resolution of 'Viksit Bharat' & 'Aatmanirbhar Bharat', empowerment of the poor and the deprived, making the youth, women, workers, farmers strong. Recently in the 117th broadcast of Mann Ki Baat, he said - the Constitution handed over to us by our Constitution makers has stood the test of time, the Constitution is our guiding force, our guide... When the resolution is pure, then no matter how difficult the goal is, it is achieved. Born in extreme poverty amidst all kinds of conspiracies and insults, PM Modi is moving ahead like a successful warrior and today he is the most powerful leader of the world. Whenever he goes to the Parliament or on many other occasions, he bows down in front of the Constitution. For him, the Constitution is not just a book but it is a national scripture or Holy Book, which he always respects the most. ■

**(The writer is the National President of BJP S.C. Morcha)**

# INSULT OF THE ARCHITECT OF CONSTITUTION BY CONGRESS

BRIJ LAL

Pandit Jawaharlal Nehru had been ignoring Bharat Ratna Dr. Bhimrao Ambedkar before the independence of the country. He did not want Baba Saheb to become a member of the Constituent Assembly. Constituent Assembly elections were held in July 1946 under the Cabinet Mission Plan 1946. The British had conducted these elections in the undivided India which included India along with today's Pakistan and Bangladesh. Initially, it had 389 members, but after the partition of India and Pakistan this number decreased to 299. At that time 229 members were elected from 12 Indian provinces and 70 members were nominated from 29 princely states.

Dr. Bhimrao Ambedkar had contested the Constituent Assembly elections from Mumbai North. Pandit Jawaharlal Nehru did not want him to enter the Constituent Assembly under any circumstances. He entrusted the responsibility of making Baba Saheb lose the election to the Prime Minister of Bombay Presidency, B.G. Shekhar. Congress also used all its might to make Dr. Ambedkar lose the elections.

## How Baba Saheb was elected in constituent assembly

After Baba Saheb was defeated in the Constituent Assembly from Mumbai, there was a stir among the Dalits of India. They were disappointed that if Baba Saheb did not enter the Constituent Assembly, their interests would not be protected. Dalit leader of Bengal Jogendranath Mandal decided to get Baba Saheb elected from Bengal and send him to the Constituent Assembly. 5 MLAs were needed to make Baba Saheb win. At that time, 4 MLAs in Bengal

**After Baba Saheb was defeated in the Constituent Assembly from Mumbai, there was a stir among the Dalits of India. They were disappointed that if Baba Saheb did not enter the Constituent Assembly, their interests would not be protected**

were from the Scheduled Caste, and to win, the support of one more MLA required and for which Jogendranath Mandal put in all his efforts. On 8 July 1946, Baba Saheb filed his nomination papers, whose proposer was Jogendranath Mandal and supporter was Nogendra Narayan Rai. To defeat him here too, the Congress fielded P. R. Thakur, a descendant of Jogendranath Mandal's philosophical guru Harichand Guruchand Thakur, against Baba Saheb. Jogendra Babu took the support of Netaji Subhash Chandra Bose's elder

brother Sharat Chandra Bose to make Baba Saheb win. Besides Jogendranath Mandal, Baba Saheb got the support of 6 other MLAs - Nagendra Narayan Rai, Mukunda Bihari Mallick, Dwarikanath Baruri, Gayanath Biswas, Kshetrinath Sindha and Birsa and on 20 July 1946, Baba Saheb was declared victorious.

## Baba Saheb were put out of constituent assembly

The joy of Baba Saheb's victory lasted only for a year. On 4 July 1947, the 'Indian Independence Bill' was presented in the British Parliament, which was passed on 15 July 1947. The partition of India was ensured. With the partition of India, Bengal was also divided into two parts. The Khulna-Jessore seat of Bengal from which Baba Saheb was elected, became a part of Pakistan. Thus Baba Saheb was put out of the Constituent Assembly of India. The sad part was that in the Khulna-Jessore region, Hindus were 52 percent and Muslims were 4 percent and theoretically it should have been a part of India in the partition, but the Congress Party gave it to Pakistan under its crooked politics. It was the evil policy of Pandit Jawaharlal Nehru to show Baba Saheb the way out of the politics of independent India.

## Baba Saheb came back to the Constituent Assembly

Baba Saheb was a member of

# A TRIBUTE TO ATAL JI, THE STATESMAN WHO SHAPED INDIA WITH HIS VISION AND RESOLVE

NARENDRA MODI

Today, 25th December is a very special day for all of us. Our nation marks the 100th Jayanti of our beloved former Prime Minister, Shri Atal Bihari Vajpayee Ji. He stands tall as a statesman who continues to inspire countless people.

Our nation will always be grateful to Atal Ji for being the architect of India's transition into the 21st century. When he took oath as PM in 1998 our nation had passed through a period of political instability. In about 9 years we had seen 4 Lok Sabha elections. The people of India were getting impatient and also sceptical about governments being able to deliver. It was Atal Ji who turned this tide by providing stable and effective governance. Coming from humble roots, he realised the struggles of the common citizen and the transformative power of effective governance.

One can see the long-term impact of Atal Ji's leadership in so many sectors around us. His era marked a gigantic leap in the world of Information Technology, telecom and communications. This was particularly important for a nation like ours, which is also blessed with a very dynamic Yuva Shakti. The NDA Government under Atal Ji made the first serious attempt to

make technology accessible to the common citizens. At the same time, there was foresight in connecting India. Even today, most people recall the Golden Quadrilateral Project, which connected the length and breadth of India. Equally notable were the Vajpayee Government's efforts to enhance local connectivity as well through initiatives like the Pradhan Mantri Gram Sadak Yojana. Similarly, his Government gave a push to metro connectivity by doing extensive work for the Delhi Metro, which stands out as a world-class infrastructure project. Thus, the Vajpayee Government not only boosted economic growth but also brought distant regions closer, fostering unity and integration.

When it comes to the social sector, an initiative like the Sarva Shiksha Abhiyan highlights how Atal Ji dreamt of building an India where modern education is accessible to people across the nation, particularly for the poor and marginalised sections. At the same time, his government presided over many economic reforms which set the stage for India's economic surge after several decades of following an economic philosophy which encouraged cronyism and stagnation.

A wonderful example of Vajpayee Ji's leadership can be seen in the summer of 1998. His Government had just assumed office and on 11th May, India conducted the Pokhran tests, known as Operation Shakti. These tests exemplified the prowess of India's scientific community. The world was stunned that India had done the tests and expressed their anger in no uncertain terms. Any ordinary leader would have buckled, but Atal Ji was made differently. And what happened? India stood firm and resolute with the government calling for another set of tests two days later, on 13th May! If the tests of the 11th showed scientific skill, the ones on 13th showed true leadership. It was a message to the world that gone were the days when India would buckle under threats or pressure. Despite facing international sanctions, the then NDA government of Vajpayee Ji stood firm, articulating India's right to safeguard its sovereignty while simultaneously being the strongest proponent of world peace.

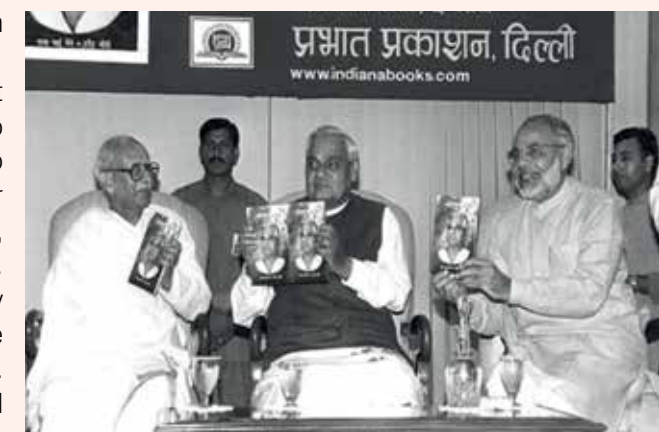

Atal Ji understood Indian democracy and also the need to make it stronger. Atal Ji presided over the creation of the NDA, which redefined coalitions in Indian politics. He brought people together and made NDA a force for development, national progress and regional ambitions. His Parliamentary brilliance was seen throughout his political journey. He belonged to a party with a handful of MPs but his words were enough to rattle the might of the all-powerful Congress Party that time. As Prime Minister, he blunted the criticisms of the Opposition with style and substance. His was a career spent largely in the Opposition benches but never carried any trace of bitterness against anyone, even though the Congress stooped to new lows by going to the extent of

mandate from the people.

When it comes to commitment to protecting our Constitution too, Atal Ji stands tall. He was deeply impacted by the martyrdom of Dr. Syama Prasad Mookerjee.

Years later, he was a pillar of the anti-Emergency movement. In the run-up to the 1977 elections after the Emergency, he agreed to merger of his own Party (Jan Sangh) into the Janata Party. I am sure it would have been a painful decision but for him, and the others, but safeguarding the Constitution was all that mattered.

and hopes for the nation, continues to resonate with people across age groups.

For so many Bharatiya Janata Party Karyakartas like me, it is our privilege that we were able to learn and interact with a person like Atal Ji. His contribution to the BJP was foundational. In those days to spearhead an alternative narrative to the dominant Congress showed his greatness. Alongside stalwarts like Shri L.K. Advani Ji and Dr. Murli Manohar Joshi Ji he nurtured the party from its formative years, guiding it through challenges, setbacks and triumphs. Whenever the choice came between ideology and power, he always chose the former. He was able to convince the nation that an alternative world view from the Congress was possible and such a world view could deliver.

On his 100th Jayanti, let us rededicate ourselves to realising his ideals and fulfilling his vision for India. Let us strive to build an India that embodies his principles of good governance, unity, and progress. Atal Ji's unwavering belief in the potential of our nation continues to inspire us to aim higher and work harder. ■

**(The writer is the Prime Minister of India)**

calling him a traitor!

He was also not one to cling on to power through opportunistic means. He preferred to resign in 1996 instead of following the path of horse-trading and dirty politics. In 1999, his Government was defeated by 1 vote. A lot of people told him to challenge the immoral politics happening then but he preferred to go by the rules. Eventually, he came back with another resounding

It is also noteworthy how deeply rooted Atal Ji was in Indian culture. Upon becoming India's External Affairs Minister, he became the first Indian leader to speak in Hindi at the United Nations. This one gesture showcased his immense pride in India's heritage and identity, leaving an indelible mark on the global stage.

Atal Ji's persona was magnetic and his life was enriched by his love for literature and expression. A prolific writer and poet, he used words to inspire, provoke thought, and even offer solace. His poetry, often reflective of his inner struggles

Continued from page no. 17

the Viceroy's Council from 1942 to 1946 and held the portfolios of Labour and CPWD.

Baba Saheb had already shown his efficiency in the Viceroy Council. His life was full of struggles, he dedicated his life to safeguard the interests of Dalits, backward, tribals and deprived.

Baba Saheb Bhimrao Ambedkar participated in the first Round Table Conference in London in 1930 as a representative of Dalits and backward classes. He strongly presented the problems and interests of Dalits, backward and tribals. His speech in the Round Table Conference of 1930 is considered historic, which was not liked by Pandit Jawaharlal Nehru and senior Congress leaders. Nehru did not want that the representative of Dalits, backward and tribals should participate in the Round Table Conference to expose the evil policies of Congress.

The nation respected Baba Saheb's efficiency and wanted him to be a part of the Constituent Assembly, so that the interests of Dalits, backwards could be protected in the Constitution of India. Under pressure from the people, the Congress Party softened its stubbornness towards Baba Saheb and he was elected to the Indian Constituent Assembly from the Bombay state from the seat vacated by Mukund Ramrao Jankar.

### **Constitution of Drafting Committee**

Dr. Rajendra Prasad was elected the President of the Constituent Assembly. The most important committee among all the committees of the Constituent Assembly was the 'Drafting Committee', which was formed on 29 August 1947. This committee was entrusted with the task of drafting the new constitution. Nehru did not want to see Baba Saheb in the Drafting Committee. Ambedkar's image as a social reformer was a cause of concern for the Congress. This was the reason why the Congress Party had planned to keep him away from the Constituent Assembly, but due to the pressure from several quarters, Baba Saheb was elected in the Constituent Assembly.

Pandit Jawaharlal Nehru wanted to take the help of British experts to write the Constitution, but Mahatma Gandhi said that when a scholar like Dr. Ambedkar is present in India then what is the need of a foreign expert.

Dr. Bhimrao Ambedkar was made the chairman of the constitution draft committee. Other members of the committee were N. Madhava Rao, T.T. Krishnamachari,

Dr. K.M. Munshi, Syed Mohammad Saadullah, N. Gopalaswami Iyengar, Alladi Krishnaswamy Iyer, B.L. Mitter and D.P. Khaitan.

Two of these members lived abroad and one passed away. The desired cooperation of many members was not received. While signing the Constitution, drafting committee member T.T. Krishnamachari accepted that Dr. Bhimrao Ambedkar played a key role in drafting the Constitution.

### **Interim Government of India in 1946**

Viceroy Lord Wavell invited Pandit Jawaharlal Nehru to form an interim government in India on 2 September 1946. This interim government consisted of 12 members under the leadership of Pandit Nehru. After the resignation of three members of the Congress, five members of the Muslim League were included, then the total number of members became 14.

Two Dalit ministers were included in the interim government. These members were Babu Jagjivan Ram-Labour Minister and Jogendra Nath Mandal-Law Minister. Mandal was made Minister from Muslim League quota. Again Dr. Ambedkar was ignored in the interim government, the pain of which continued to haunt Baba Saheb. When Baba Saheb resigned from the post of Law Minister of India on 27 September 1951 after 4 years, 1 month and 26 days, he wrote that he was not considered worthy of the post of minister in the interim government of 1946.

### **Being a Law Minister of India no administrative work was assigned to Dr Ambedkar**

After the independence of the country, a government was formed under the leadership of Pandit Nehru, in which Baba Saheb was made the Law Minister. Baba Saheb wanted to be given an administrative post so that he could do something for the Dalits, backward and deprived. He wrote in his resignation letter that being a member of the Viceroy Council, he knew that the Law Ministry was unimportant from the administrative point of view. He used to call this ministry an empty soapbox which was good only for the old lawyers to play with. He told Prime Minister Nehru that in the Executive Council of the Viceroy Council, he had two administrative departments 'Labour and CPWD' where he had seen many projects, due to which he should also get some administrative departments. The Prime Minister also

agreed that he would give him the 'Planning' department which he was going to create. The Planning Department was formed with a lot of delay and when it was formed, Baba Saheb was ignored there too. During his tenure, the departments of many ministers were changed, many ministers were also given two-three portfolios, but Nehru never considered his name. He was not given a place in the main committees of the cabinet like Foreign Affairs, Defence Committee, Economic Affairs Committee. Baba Saheb was a renowned economist, he was expected to be included in the Economic Affairs Committee, which proved to be a disappointment.

### **Nehru neglects Dalits and backward classes**

Baba Saheb was saddened by the neglect of Dalits, backward and deprived by the Nehru government. No measures were taken in the Constitution to protect Dalits and backward classes. The interests of these classes were to be protected by the executive government on the basis of the recommendations of a commission to be appointed by the President. Even after more than a year of the Constitution coming into force, the government did not even think of forming a commission. In 1946, when he was not in any post, Dr Ambedkar was very worried about Dalits and backward classes. The Nehru government also dropped out on the promises made by the British regarding constitutional safeguards for the Scheduled Castes. Baba Saheb was not satisfied with the provision made in the Constitution to protect the status of Scheduled Castes. Baba Saheb was saddened by the atrocities on Dalits because there was no improvement in it even after independence. He was very sad that nothing was being done on the issues of Dalits and they were neglected.

### **Pandit Nehru was only concerned about Muslims**

Baba Saheb was very disturbed about the condition of Dalits and backward people in independent India. In his resignation letter on 10 October 1951, he wrote a bitter truth. He wrote that the entire time and attention of the Prime Minister is devoted to the security of Muslims. Baba Saheb said that he wants that Muslims should be given security whenever and wherever they need it, but are Muslims the only people who need security? Don't the Scheduled Castes, Scheduled Tribes and Indian Christians need security? The Prime Minister did not show any concern for these communities. These

deprived communities of the country need more care than Muslims.

We can say from the free thoughts of Baba Saheb that the Congress Party has been against the Dalits and the backward classes since the beginning.

### **Insult to the Constitution Maker**

The Congress party always tried to humiliate Baba Saheb. He had to face neglect throughout his life. Congress used all its power to stop him from entering the Constituent Assembly. When Baba Saheb contested the Lok Sabha elections from Mumbai in 1952, Nehru went to his election twice and protested. Baba Saheb lost the election to his former colleague Kajolkar by 14,374 votes. It is also worth noting that about 78,000 votes were declared invalid in that election. Similarly, Congress again made Baba Saheb lose the Bhandara Lok Sabha by-election in 1954 .

Not only this, even after Baba Saheb's Mahaparinirvan, Congress did not allow his picture to be put up in the Central Hall of Parliament, not awarded him with 'Bharat Ratna'. When Vishwanath Pratap Singh became the Prime Minister in 1989 with the support of Bharatiya Janata Party, then on the suggestion of Hon'ble Atal Bihari Vajpayee ji and senior BJP leaders, Baba Saheb was given 'Bharat Ratna' and his portrait was placed in the Central Hall on 14 April 1990.

### **Efforts of BJP government to honour Baba Saheb**

In the year 2014, Shri Narendra Modi became the Prime Minister of India. He initiated 'Panchtirtha' at Janmabhoomi (Mhow, Madhya Pradesh), Shiksha Bhoomi (London), Deeksha Bhoomi (Nagpur), Mahaparinirvan Bhoomi (Delhi), Chaitya Bhoomi (Mumbai). The Congress party governments have only insulted Baba Saheb.

Prime Minister Shri Narendra Modi started celebrating 26 November 2015 as 'Constitution Day'. Congress also objected to this. They said that when 26 January is celebrated as Republic Day, then there is no need to celebrate 'Constitution Day' on 26 November. Now by celebrating the Constitution Day, the Constitution maker Bharat Ratna Dr. Bhimrao Ambedkar is honored and his contribution in the making of the Constitution is being conveyed to the people. ■

**'Jai Bhim, Jai Bharat'**

# BABA SAHEB

## AND THE DIRTY POLITICS OF GANDHI FAMILY

DR. BHOLA SINGH

**D**r. Bhimrao Ambedkar's name is written in golden letters in the history of India. He dedicated his entire life to providing justice, equality and rights to the Dalit, deprived and backward society of India. His contribution as the architect of the Indian Constitution is incomparable. But the political game that has been played by the Congress for decades regarding his great personality and contribution is not only an insult to his ideals but also an attempt to damage the social fabric of India.

The history is a witness that the Indian National Congress never gave due respect to the contribution of Dr. Ambedkar. Pandit Jawaharlal Nehru created many moral and immoral obstacles in the way of his winning the Lok Sabha elections. It is a bitter truth that Nehru and the Congress party made every possible effort to isolate Ambedkarji from mainstream politics.

Not only this, the Gandhi-Nehru family got themselves honoured with Bharat Ratna,

but Baba Saheb was not given this honour during his lifetime or even for many decades. The BJP-supported VP Singh government finally ended this historical injustice. This clearly exposes the ideological narrowness and opportunistic politics of the Congress. The Congress, who's leaders honours themselves and their family, rejected to give due respect to a great man like Baba

**The history is a witness that the Indian National Congress never gave due respect to the contribution of Dr. Ambedkar. Pandit Jawaharlal Nehru created many moral and immoral obstacles in the way of his winning the Lok Sabha elections.**

Saheb.

The centred point of Congress's politics has been only power. They used the Dalit and deprived society only as a 'vote bank'. Baba Saheb's ideas and his struggle were always distorted by the Congress according to their political interests. The Gandhi-Nehru family also tampered with historical facts to tarnish Baba Saheb's contribution.

In such difficult circumstances, Jansangh and Rashtriya Swayamsevak Sangh (RSS) showed respect and support

towards Dr. Ambedkar. Jansangh and RSS made continuous efforts to promote his ideas and empower the Dalit society. This support was not merely symbolic but was an effort to imbibe the ideals of Baba Saheb at the ideological level. They did this many times even though they did not agree with Baba Saheb's ideas on few occasions.

The Bharatiya Janata Party under the leadership of Prime Minister Shri Narendra Modi has given Baba Saheb the respect he deserved in accordance with his great personality and incomparable contribution. The construction of 'Panch Teerth'—Janmasthan in Mhow, Deekshabhoomi in Nagpur, Mahaparinirvan-Bhoomi in Delhi, Ambedkar House in London and Chaityabhoomi in Mumbai—is a true tribute to Baba Saheb. The Ambedkar International Centre in Delhi and the skyscraper statue of Baba Saheb under construction in Mumbai are a symbol of Modi ji's reverence for him.

Additionally, the decision to celebrate 'Constitution Day' at the national level is a historic step to keep the memories of Baba Saheb alive. The Narendra Modi government has not only given due respect to Baba Saheb but also implemented many schemes

and policies for the upliftment of the Dalit and deprived society. Prime Minister Modi ji has made it clear that the respect for Baba Saheb should not be limited to mere formalities but his ideas should reach the last person in the society. The schemes launched by him— such as Jan-Dhan Yojana, Ujjwala Yojana and Ayushman Bharat Yojana— are concrete steps to empower the Dalit and deprived society.

The Congress and the Gandhi family have used Baba Saheb's name only for political gain. When leaders like Rahul Gandhi and Priyanka Vadra go among the Dalit community, their efforts

clearly reflect the lack of truth and honesty. The aim of their politics is only to secure the Dalit vote bank, not to work for the upliftment of the society.

Today, when the country is moving towards a strong India, the Congress Party and the Gandhi family are once again engaged in creating an atmosphere of hatred and confusion in the name of Baba Saheb. Congress's efforts to distort the statement made by Home Minister Amit Shah ji in Parliament prove that this party does not hesitate to spread animosity in the country and damage the social fabric. This attitude of Congress is not only

insulting to the Dalit community, but is also a threat to the integrity and peace of the country. The ecosystem of Congress and its supporting intellectuals are making every possible effort to maintain instability in the society. This is not only political self-interest, but a threat to national integrity. It is clear that the only objective of Congress is to return to power by any means, even if for this they have to put the social unity and peace of the country at stake.

It is the need of the hour that this divisive politics of the Congress and the Gandhi family should be permanently stopped. Exposing such political conspiracies is necessary to keep the country united and to realize the dreams of Baba Saheb.

Under the leadership of Prime Minister Shri Narendra Modi, India is moving ahead by imbibing the ideals of Baba Saheb Ambedkar. The steps being taken for the empowerment of the Dalit, deprived and backward society are not only a true tribute to Baba Saheb, but are also the foundation of a new, strong and self-reliant India.

Now the time has come that the people of the country should completely reject this hateful politics of Congress and Gandhi family and move forward unitedly in national interest. The India of Baba Saheb's dreams will come true only when an environment of equality, justice and goodwill is established in the society. ■

# HOW THE BJP KEEPS AMBEDKAR'S VISION ALIVE AND RELEVANT!

GURU PRAKASH

Much has been discussed, talked and spread about Dr Bhimrao Ambedkar and our Constitution lately. However, when it comes to genuinely embodying his vision and ideals, the BJP is definitely leading the way. As we all fondly recognize, Baba Saheb, the architect of our Constitution, is not just a towering historical figure but also a guiding light for fulfilling our responsibilities as citizens. His steadfast resolve for social justice & equality and Dalit empowerment laid the foundation of India's democratic identity. However, ever since independence how his legacy has been treated, tells a lot about the contrasting political approaches. On one hand, the BJP is relentlessly taking steps to honor and promote Baba Saheb's ideas and vision for an inclusive India; on the other hand, the Congress's track is full of a mix of complete neglect, political opportunism and using of Baba Saheb's name for just political gimmick.

The Congress party's relationship with Baba Saheb's legacy is perforated with indifference and political opportunism. Congress actively worked to ensure Dr. Ambedkar lost elections, not just once, but twice. In 1952

& again in 1954, Pt. Jawaharlal Nehru personally campaigned & used all resources at his disposal, against him, even joining hands with the Communists to keep him out of the Parliament. This was not just a political rivalry, but it was a deeply calculated move to sideline a towering intellect and ensure he remained on the periphery.

Even as Pt. Nehru's cabinet member, Dr. Ambedkar was routinely excluded from various key government committees,

**On one hand, the BJP is relentlessly taking steps to honor and promote Baba Saheb's ideas and vision for an inclusive India; on the other hand, the Congress's track is full of a mix of complete neglect, political opportunism and using of Baba Saheb's name for just political gimmick**

particularly those dealing with defense and foreign affairs, areas where his keen intellect could have contributed immensely. His vision was ignored, his expertise dismissed, and his presence disregarded. Congress did not just fail to respect him in life, but they continued to disregard his perspectives and legacy long after his death.

One of the most striking examples of Congress's disregard for Ambedkar's vision was their utter failure to help Dalit refugees after the partition of India, post-independence. Despite

Ambedkar's repeated pleas, the Congress government turned a blind eye towards their suffering. Then there was the Hindu Code Bill, which Ambedkar struggled for to ensure gender equality and improve women's rights. But Congress couldn't get it through, and this abject failure led to Ambedkar resigning from Nehru's cabinet. It was a breaking point, uncovering Congress's lack of commitment to the real change on the ground.

Baba Saheb's contributions to modern India were only truly recognized long after his death. Despite his herculean contribution to India, he was denied the Bharat Ratna, India's highest civilian honor, during his lifetime, it was only in 1990, under a non-Congress BJP supported government, that he was honored. Even when Congress came in power

again, his legacy continued to be undermined. Dr. Ambedkar himself famously said about the Congress party, 'I have learned to suffer and to endure injustice. But the Congress has been unwilling to accept any part of my vision. It is not my party.'

The Congress party's actions have often confronted with Ambedkar's core principles. During the 1975 Emergency, they curbed the basic fundamental rights and debilitated the judiciary through the 42nd Amendment, actions that demolished Ambedkar's vision of a strong & vibrant democracy and freedom of expression. Congress

also blatantly misused Article 356 to dismiss state governments more than 85 times, undermining the federal structure Ambedkar gave his life for.

Congress's was against Article 370 abrogation, which further shows their disconnect from Ambedkar's core idea of unity. While Ambedkar opposed such special provisions, Congress not only implemented Article 370 but resisted its removal ever since. On the social justice front, Congress acted when it suited to them. They deliberately delayed implementing the Mandal Commission's recommendations and were literally half-hearted in pushing it forward.

The BJP under Prime Minister Narendra Modi's leadership has made it a mission to celebrate Baba Saheb and keep his incredible legacy alive for our future generations to know and learn from. Let's just start with the 'Panchteerth', five notable venues connected to his life story, the first one Mhow in Uttar Pradesh, where he was born; the second one, London, where he got his education; the third one, Nagpur in Maharashtra, where he accepted the Buddhism; the fourth one, Delhi, where he passed away; and lastly Mumbai in Maharashtra, where he was cremated. By transforming these iconic sites into memorials, the BJP is not just paying tribute to Baba Saheb; we are also inspiring our young minds to draw from his extraordinary journey. Adding to it, is the Dr Ambedkar International Centre in our national capital, which is not just another building, it is a vibrant space for discussions and research on socio-economic

change, a true honor of Baba Saheb's life's work.

Prime Minister Modi has played a crucial and decisive role in bringing Baba Saheb's contributions into the national attention. For decades, Congress party kept ignoring his legacy, but things started to change in 1990 when Baba Saheb was posthumously awarded the much deserved Bharat Ratna under a central government supported by the BJP. Nearly at the same time, his portrait had finally got a place in our Parliament, long-overdue tributes to a monumental figure. But as a matter of fact, the BJP did not just stop at symbolic gestures only, but they digitized Baba Saheb's public

### Prime Minister Modi has played a crucial and decisive role in bringing Baba Saheb's contributions into the national attention

speeches and key writings, making his revolutionary ideas easily accessible to all. Even the BHIM app, a nod to his vision of financial inclusion, embodies his dream of empowering the un-empowered.

On the legislative front, the BJP has shown a strong allegiance to upholding Baba Saheb's principles, especially when it comes to respecting our Constitution. Unlike Congress, which frequently resorted to politically motivated amendments, the BJP's reforms focus on the real change on the ground. Article 370 abrogation is a prime example to it; ensuring Jammu and Kashmir's full integration with India, a step that resonates with Baba Saheb's vision for national unity, is fulfilled under

PM Modi led strong leadership only.

The BJP has always been a political front that believes in walking the talk when it comes to "Sabka Saath – Sabka Vikas", the true meaning of social justice. With the PM Modi-led NDA government, pivotal initiatives have been taken to empower our socially marginalized & deprived communities. Strengthening the Prevention of Atrocities Act, granting constitutional status to the National Commission for Backward Classes, and introducing reservations in NEET and Navodaya Vidyalayas are just a few examples of their commitment. One particularly thoughtful initiative that needs attention was declaring November 26 as our Constitution Day, a move no previous government had thought of. For us, it is not just a token gesture but a potent reminder of Baba Saheb's vision and the ideals embedded in our Constitution, brought to life in both spirit as well as in action.

Social justice, Equality and Empowerment are not just some ideals to admire, they are imperatives to achieve. It's time we demand accountability from our leaders and judge their legacy by the tangible change they bring to the lives of marginalized communities. Baba Saheb's Constitution was not just a document, but it is a roadmap for a fair and just India. To honor him is to walk that path with purpose and sheer will—something the BJP, under PM Modi's visionary leadership, has taken significant strides toward by ensuring Ambedkar's ideals resonate in governance and public policy! ■

**(The writer is BJP National Spokesperson)**

# BJP STANDS AS THE TRUEST CUSTODIAN OF DR AMBEDKAR'S VISION

ABHINAV PRAKASH

**B**abasaheb Bhimrao Ramji Ambedkar's towering contribution to India's constitutional framework and social justice discourse remains beyond dispute. But for too long, his name and work were relegated to the margins of history. Successive Congress governments paid little heed to the very principles of equity and inclusion that Dr. Ambedkar championed. Whereas, the Bharatiya Janata Party has stepped forward to restore him to his rightful place in the national consciousness, ensuring that his ideas on social justice continue to guide the nation's policies.

The Congress party's neglect of Dr. Ambedkar reveals a legacy of deep-seated indifference. Congress left no stone unturned to stop Dr Ambedkar from entering the constituent assembly, reflecting how Congress deemed Dr. Ambedkar's intellect and social standing peripheral to their own political calculus. This neglect persisted even after India's independence. The regions of Bengal like Barisal and Faridpur in Bengal that had supported Dr. Ambedkar's entry into the Constituent Assembly were later

allowed to go to Pakistan—a move that highlighted Congress's willingness to sacrifice regions with significant Dalit population for the sake of electoral convenience.

Time and again, Congress orchestrated strategic alliances to exclude Dr. Ambedkar from electoral politics. The 1952 Lok Sabha elections demonstrated this tactic when Congress leaders,

**The Congress party's neglect of Dr. Ambedkar reveals a legacy of deep-seated indifference. Congress left no stone unturned to stop Dr Ambedkar from entering the constituent assembly**

including S.K. Patil, joined forces with the Communists to defeat him on the instruction of Nehru. The hostility was laid bare yet again in 1954, when the party fielded the same candidate to thwart him in the Bhandara by-election. Even Jawaharlal Nehru personally campaigned against him, exemplifying how Congress was determined to stamp out any genuine challenge to its dominance—especially from a thinker of Dr. Ambedkar's caliber.

Dr. Ambedkar's time as a minister in Nehru's cabinet likewise underscored Congress's reluctance to embrace his vision. Despite being the first Indian to earn a doctorate in economics, he was deliberately kept out of major

decision-making committees on economic policy, defense and foreign affairs. Dr. Ambedkar's resignation was a forceful indictment of the Congress leadership's unwillingness to combat entrenched caste barriers and its lack of commitment to robust reforms like the Hindu Code Bill. Worse still, Congress did not even see fit to archive his resignation letter, signalling its broader intention to erase Dr Ambedkar and his dissent from the official record.

Congress's disregard for Dr. Ambedkar's monumental contributions did not end with his life. Upon his demise in December 1956, the then government's refusal to allow his cremation in Delhi spoke volumes about its insecurities concerning his enduring popularity among marginalized communities. His family was denied basic courtesies, forced to take his body to Mumbai, without any official assistance. Even more telling was the refusal to allocate a state plane for the journey—Dr. Ambedkar's grieving wife was billed for the flight costs instead.

In the decades that followed, Congress spared no effort in memorializing the Nehru-Gandhi family but repeatedly neglected calls to honour Dr. Ambedkar with an equivalent sense of national gratitude. Memorials dedicated to his memory languished as mere afterthoughts in Congress

governments. It was only under a non-Congress government supported by the BJP in 1990 that Dr. Ambedkar was posthumously awarded the Bharat Ratna—an honour the Congress had steadfastly withheld.

The BJP, recognizing Dr. Ambedkar's transformative role in shaping India's constitutional ethos, has taken significant strides to reestablish his rightful legacy. Prime Minister Shri Narendra Modi's Panchteerth initiative stands out for its comprehensive scope: it honours five sites linked to Dr. Ambedkar's life and education—his birthplace in Mhow, the site of his studies in London, his conversion to Buddhism in Nagpur, Mahaparinivaran sthal in Delhi, and Chaitya Bhoomi in Mumbai. By converting these sites into national monuments, the BJP underscores Dr. Ambedkar's place as a guiding luminary in India's journey toward genuine social justice.

Far from being mere symbolism, these projects represent a commitment to actualize his dream of equity and inclusion. The BHIM app—named to salute Dr. Ambedkar's legacy—highlights the BJP's emphasis on financial inclusion via technology. Similarly, schemes like Stand-Up India and Mudra Yojana echo Dr. Ambedkar's vision of an economy that favors the self-empowerment of the disadvantaged, rather than top-down patronage. The establishment of the Dr. Ambedkar International Centre in Delhi and the preservation of his London residence serve as

enduring testimonies to the BJP's dedication to keep his insights accessible for future generations.

Dr. Ambedkar's speeches and writings offers an unfiltered view of his deep frustration with Congress's duplicity. He pinpointed the party's reluctance to dismantle entrenched hierarchies, accusing Congress leaders of paying lip service to the cause of Dalits while doing little to challenge their systemic oppression. His criticisms, often dismissed as personal grievances, stemmed from

**Where Congress failed to move beyond symbolic posturing, the BJP has placed his ideals of social justice and economic empowerment of marginalised at the heart of policy-making, bridging ideological, regional, and social divides.**

witnessing firsthand how political elites remained unwilling to share power with India's marginalized communities.

This ideological rift has persisted into the present day. While Congress occasionally invokes Dr. Ambedkar's name, it comes off as an opportunistic gesture bereft of genuine intent. In contrast, the BJP has pursued a consistent course of integrating Dr. Ambedkar's values into the larger framework of national governance, aligning developmental plans with the principles of social and economic inclusion he championed.

Perhaps the greatest testament to Dr. Ambedkar's revival lies in the

tangible transformation witnessed under the BJP's stewardship. Where Congress failed to move beyond symbolic posturing, the BJP has placed his ideals of social justice and economic empowerment of marginalised at the heart of policy-making, bridging ideological, regional, and social divides.

By restoring Dr. Ambedkar to his rightful stature, the BJP has corrected a historical wrong. Rather than confine his contributions to perfunctory statues and token tributes, the party has woven his life's work into the fabric of India's governance. The renewed visibility of his principles—be it in promoting financial inclusion or challenging societal prejudices—attests to a commitment far deeper than mere rhetoric.

In the end, Dr. Ambedkar's story is more than a record of personal achievements; it is a moral compass for a nation still grappling with social inequalities. His life and battles for justice continue to inspire countless Indians, and the BJP's interventions have served as a clarion call: one cannot speak of India's Constitution or its quest for equality without invoking the enduring spirit of Dr. Ambedkar. Through conscientious policy and unwavering resolve, the BJP stands as the truest custodian of his vision, ensuring that his legacy remains a living force driving the nation forward. ■

# Veer Bal Diwas fills us with inspiration and motivates us for new resolutions: PM Modi

PM participates in 'Veer Baal Diwas' programme in New Delhi

The Prime Minister, Shri Narendra Modi participated in 'Veer Baal Diwas' at Bharat Mandapam, New Delhi on 26 December 2024. Addressing the gathering and recalling the sacrifice of the brave Sahibzades- Zorawar Singh and Sahibzada Fateh Singh, Shri Modi said it was imperative for today's youth to know about their saga of bravery and therefore, it was important to recall those events too. He added that it was over three centuries ago on this day the courageous Sahibzades had sacrificed their lives at tender ages.

## Sahibzadas chose to sacrifice their lives

The Prime Minister noted that despite the tender ages of Sahib Zorawar Singh and Sahib Fateh Singh,

their courage knew no bounds. He added that the Sahibzades rejected all the temptations of the Mughal Sultanate, endured all the atrocities and chose to embrace the death sentence ordered by Wazir Khan with utmost bravery.

Shri Modi remarked that the Sahibzadas reminded him of the valour of Guru Arjan Dev, Guru Tegh Bahadur, and Guru Gobind Singh and this bravery was the spiritual strength of our faith. He added that the Sahibzadas chose to sacrifice their lives but never wavered from the path of faith. The Prime Minister emphasized that Veer Bal Diwas teaches us that no matter how difficult the circumstances, nothing is greater than the nation and national interest. He said "Every act done for the country is an act of bravery and every child and youth living for the country is a Veer Balak".

## The goal of a developed India was assured

"Veer Bal Diwas fills us with inspiration and motivates us for new resolutions", remarked the Prime Minister. He emphasized that our standard should now be the best. He urged the youth to work towards making their respective sectors the best. The Prime Minister remarked that the inspiration for setting such high goals comes from the bravery of the Sahibzadas. He stressed that big goals are now our resolutions.

## Energy of youth will take India to great heights

The Prime Minister expressed confidence that the support, cooperation, and energy of the youth will take India to great heights. He concluded by paying homage to the Gurus, the brave Sahibzadas, and Mata Gujri ji. ■

## Highlights

- On Veer Baal Diwas, we recall the valour and sacrifices of the Sahibzades, we also pay tribute to Mata Gujri Ji and Sri Guru Gobind Singh Ji.
- Sahibzada Zorawar Singh and Sahibzada Fateh Singh were young in age, but their courage was indomitable.
- No matter how difficult the times are, nothing is bigger than the country and its interests.
- The magnitude of our democracy is based on the teachings of the Gurus, the sacrifices of the Sahibzadas and the basic mantra of the unity of the country.
- From history to present times, youth energy has always played a big role in India's progress.
- Now, only the best should be our standard.

**PM MODI INAUGURATES AND LAYS FOUNDATION STONE OF VARIOUS RAILWAY PROJECTS**

Prime Minister Shri Narendra Modi on 6 January inaugurated and laid the foundation stone of various railway projects via video conferencing.

Creation of the Jammu Railway Division, with 742.1 KM comprising Pathankot - Jammu - Udampur - Srinagar - Baramulla, Bhogpur Sirwal - Pathankot, Batala - Pathankot and Pathankot to Joginder Nagar sections, will significantly benefit Jammu and Kashmir and surrounding regions, fulfilling the long pending aspiration of the people and improving connectivity to other parts of India. It will create employment opportunities, infrastructure development, promote tourism and lead to overall socio-economic development of the region.

Charlapalli New Terminal Station in the Medchal-Malkajgiri District of Telangana has been developed as a new coaching terminal along with provision of second entry with a cost of around Rs 413 crore. This environment friendly terminal, having good passenger amenities, will ease congestion on the existing coaching terminals in the city like Secunderabad, Hyderabad and Kacheguda.

The Prime Minister also laid the foundation stone for Rayagada Railway Division Building of East Coast Railway. It will improve connectivity in Odisha, Andhra Pradesh and nearby areas and lead to overall socio-economic development of the region. ■

**CABINET APPROVES ADDITION OF FEATURES IN THE PM- FASAL BIMA YOJANA**

The Union Cabinet chaired by the Prime Minister Shri Narendra Modi on 1st January approved continuation of the Pradhan Mantri Fasal Bima Yojana and Restructured Weather Based Crop Insurance Scheme till 2025-26 with an overall outlay of Rs.69,515.71 Crore from 2021-22 to 2025-26. The decision will help in risk coverage of crops from non-preventable natural calamities for farmers across the country till 2025-26.

In addition to the same, for large scale technology infusion in implementation of the scheme leading to increasing transparency and claim calculation and settlement, the Union Cabinet has also approved creation of Fund for Innovation and Technology

(FIAT) with a corpus of Rs.824.77 Crore.

The fund will be utilised towards funding technological initiatives under the scheme namely, YES-TECH, WINDS, etc as well as Research and Development studies. ■

**'KEN-BETWA LINK PROJECT WILL OPEN NEW DOORS OF PROSPERITY IN BUNDELKHAND REGION'**

On the occasion of the 100th birth anniversary of former Prime Minister Shri Atal Bihari Vajpayee, the Prime Minister Shri Narendra Modi on 25th December inaugurated and laid the foundation stone of multiple development projects that included laying the foundation stone for the historic Ken-Betwa river linking project in Khajuraho, Madhya Pradesh. Addressing the gathering, Shri Modi greeted the people of Christian Community of India and World a merry Christmas. Recalling that the Government under the leadership of Chief Minister Dr. Mohan Yadav had completed a year of its formation, Shri Modi congratulated the people of Madhya Pradesh for the same. He added that the developmental works had gained pace along with the implementation of new infrastructure projects worth over thousands of crores of rupees in the last one year. The Prime Minister remarked that today (25th December) the foundation stone was laid for the historic Ken-Betwa river linking project, the Daudhan dam and the Omkareshwar floating solar project – MP's first solar power plant. He congratulated the people of Madhya Pradesh for the same.

Terming today as a remarkably inspirational day on the occasion of the birth centenary of Bharatratna Shri Atal Bihari Vajpayee, the Prime Minister said today marked the festival of good governance and good service serving as an inspiration to all of us. Remembering Shri Vajpayee while releasing the commemorative stamp and coin the Prime Minister said that Shri Vajpayee had nurtured and mentored many foot soldiers like him over the years. ■

# Nation will neither forget nor forgive the misdeeds of a Congress devoid of principles: JP Nadda

**BJP National President & Union Minister Shri Jagat Prakash Nadda in a press conference launched a scathing attack on Congress on 28 December 2024. He said it is highly unfortunate that former Congress President Rahul Gandhi and current Congress President Mallikarjun Kharge Ji are not refraining from politicising the tragic demise of former Prime Minister Dr. Manmohan Singhi. Such a disgraceful mindset of the Congress deserves the strongest condemnation.**

**S**hri JP Nadda said the Congress party, which failed to give genuine respect to Dr. Manmohan Singh during his tenure, is now using his name for political gains. This is the same Congress that tarnished the dignity of the Prime Minister's position by placing Sonia Gandhi as a "Super PM" above Dr. Singh, undermining his authority. Not only that, but the humiliation inflicted on Dr Manmohan Singh when Rahul Gandhi publicly tore up the ordinance remains unparalleled. And today, the same Rahul Gandhi is politicizing the tragic demise of the former Prime Minister!

history in such matters. On 23 December 2004, after the demise of former Prime Minister Shri P.V. Narasimha Rao, a request was made to establish a memorial in Delhi. However, the Congress Party denied approval for the same. The Congress did not even allow Shri P.V. Narasimha Rao's mortal remains are to be placed at the Congress headquarters. They did not want his last rites to be conducted in

Delhi, which is why the cremation ultimately took place in Hyderabad. It was Shri Narendra Modi who in 2015 ensured the construction of a Samadhi for Narasimha Rao in Delhi and honoured him by awarding the Bharat Ratna in 2024, truly recognizing and restoring his legacy.

When former President and Bharat Ratna Dr Pranab Mukherjee passed away in 2020, the Congress Working Committee did not even bother to convene a condolence meeting. Whether Congress remembers or not, let me remind them that in 2013, the UPA government led by Congress had decided to establish a "Rashtriya Smriti" and had resolved that no separate memorial would be built for any individual national personality.

## **Gandhi family has consistently failed to respect**

The Gandhi family has consistently failed to respect or do justice to any prominent leader outside their own lineage, be it from within the Congress party or the opposition. Whether it was Babasaheb Ambedkar, the nation's first President Dr. Rajendra Prasad, Sardar Patel, Shri Lal Bahadur Shastri, Shri P.V. Narasimha Rao, Dr Pranab Mukherjee, Shri Sitaram Kesri, or the revered Atal Bihari Vajpayee—Congress and the Gandhi family have repeatedly insulted them. Even after the passing of Shri Atal Bihari Vajpayee, Congress leaders and their supporters continued to dishonour his legacy, with several glaring examples of such behaviour.

## **PM Modi established the PM Museum**

It is Shri Narendra Modi who ensured that the contributions of all Hon'ble Prime Ministers are remembered and made known to the people of India by establishing the PM Museum. In contrast, Congress built memorials and Samadhis exclusively for members of its own family.

## **Congress continues to spread false narratives**

The government, under the leadership of PM Shri Narendra Modi, allocated land for the memorial of former Prime Minister Dr. Manmohan Singh and duly informed his family. Despite this, Congress continues to spread false narratives. It is important to recall Congress's

The Nation will neither forget nor forgive the historical misdeeds of a Congress devoid of principles. Rahul Gandhi, Mallikarjun Kharge and other Congress leaders should refrain from indulging in such petty politics. ■

PM Modi Story

## Narendra Modi's micro computer

(Narrated by: Gokul Kunnath, NRI-Atlanta, USA)

Prime Minister Shri Narendra Modi has always been a strong believer in the power of technology.

Even in the 1990s, he knew technology could make life easier and more organised. He admired it for personal use and how it could help improve the efficiency of the Bharatiya Janata Party (BJP).

When Shri Modi visited the US in 1997, his fascination with technology was seen by his hosts. Shri Narendra Modi stayed at the home of Shri Gokul Kunnath; an NRI businessman based in Atlanta. Shri Kunnath recalls asking Shri Modi if there was

anything he wanted from the US.

Shri Modi's response was simple yet revealing: he asked for a microcomputer.

This device could store 3,000-4,000 names, phone numbers, and addresses. Even then, Shri Narendra Modi was focused on how technology could help him organise and advance his work within the BJP. ■

This device could store 3,000-4,000 names, phone numbers, and addresses. Even then, Shri Narendra Modi was focused on how technology could help him organise and advance his work within the BJP.

# Dr. Singh's life teaches how to rise above adversity and achieve great heights: PM

The Prime Minister, Shri Narendra Modi on 27th December 2024 expressed deep sorrow over the passing of former Prime Minister Dr. Manmohan Singh in New Delhi. He remarked that Dr. Singh's demise is a significant loss for the nation. The Prime Minister said that achieving success in every field of life is not an ordinary feat and Dr. Singh was an achiever despite having lost much after he came to India during the partition. He added that Dr. Singh's life teaches future generations how to rise above adversity and achieve great heights.

Shri Modi emphasized that Dr. Singh will always be remembered as a kind person, a learned economist, and a leader dedicated to reforms and highlighted Dr. Singh's numerous contributions to the Indian government at various levels as an economist. The Prime Minister lauded Dr. Singh's role as the Governor of the Reserve Bank of India during challenging times.

The Prime Minister noted that as Finance Minister in the government of former Prime Minister and Bharat Ratna Shri P.V. Narasimha Rao, Dr. Manmohan Singh guided the country out of a

financial crisis and onto a new economic path. He emphasized that Dr. Singh's contributions to the nation's development and progress as Prime Minister will always be remembered. He added that Dr. Singh's commitment to the people and the country's development was always held in high regard. ■

## Delhi Assembly Election Dates Declared

**Voting for all 70 seats on February 5th and counting on 8th**

The Election Commission of India announced the dates for the Delhi Assembly Election on 07 January 2025. As per the schedule, the voting for all 70 assembly seats in Delhi will be held in a single phase on 05 February. The election results will be declared after the counting of votes on 08 February. The announcement of poll dates means the implementation of the Model Code of Conduct in the national capital.

As per the schedule, the notification for Delhi polls will be issued on 10 January. The last date for filing nominations is January 17

while the scrutiny of candidates will be done on 18 January. The last date of withdrawal of nomination is 20 January. The date of polling is 5 February and the date of counting is 8 February, according to the poll panel.

Noteworthy, Delhi has 1,55,24,858 voters. This includes 83,49,645 men and 71,73,952 women, and 1,261 third-gender voters. There are 24,44,320 senior citizen voters in Delhi, with 2,77,221 people above the age of 80. ■

# MAHA KUMBH WILL ALSO BOLSTER THE MANTRA OF MAHA KUMBH OF UNITY: PM

Prime Minister Shri Narendra Modi, on 29 December 2024, while addressing the 117th episode of 'Mann Ki Baat,' stated that Mahakumbh is such a scene of unity in diversity that it would not be seen anywhere else in the world. Terming the Kumbh as the Maha Kumbh of unity he added it would bolster the mantra of Maha Kumbh of unity. We are publishing the highlights of the episode for our esteemed readers:

The Maha Kumbh is also going to be held in Prayagraj from the 13th of next month. At this time, mammoth preparations are going on at the Sangam banks there.

I remember, just a few days ago when I went to Prayagraj, my heart was filled with joy after viewing the entire Kumbh area from a helicopter. It's so huge! So beautiful! Such grandeur!

- The specialty of the Maha Kumbh is not only in its vastness. The specialty of the Kumbh is also in its diversity.
- Crores of people congregate for this event. Lakhs of saints, thousands of traditions, hundreds of sects, many Akharas, everyone becomes a part of this event. There is no discrimination anywhere, no one is big, no one is small.
- Such a scene of unity in diversity will not be seen anywhere else in the world. Therefore, our Kumbh is also the Maha Kumbh of unity.
- This time's Maha Kumbh will also bolster the mantra of Maha Kumbh of unity. Let me tell all of you; when we participate in the Kumbh, let us bring along this resolve of unity with us.
- Let us also make a resolve to annihilate the feeling of division and hatred in the society. If I have to say it in a few words, then I will say... Mahakumbh Ka Sandesh, Ek Ho Poora Desh...
- The message of the Mahakumbh, let the whole country be united. and putting it in another way, I will express... Ganga Ki Aviral Dhara, Na Bante Samaj Hamara... Like the uninterrupted flow of the Ganga, let our society be undivided.
- With the help of digital navigation, you will be able to reach different ghats, temples, and akharas of

sadhus. The same navigation system will also help you reach parking spaces.

- For the first time, an AI chatbot will be used in the Kumbh event. All kinds of information related to Kumbh will be available in 11 Indian languages through the AI chatbot.

- Anyone can ask for any kind of help through this chatbot, either by typing text or by speaking in.

- The entire Fair area is being covered with AI-powered cameras. If someone gets separated from one's kith and kin during the Kumbh, these cameras will help in finding them. Devotees will also get the facility of a digital lost & found center.
- Devotees will also be provided information about government-approved tour packages, accommodation and homestay on their mobile phones.
- Now in 'Mann Ki Baat' i.e. MKB, we will talk about KTB. Many of the elderly may not know about KTB. But just ask children, KTB is a superhit among them. KTB means Krish, Trish and Baltiboy.
- You might know that the favourite animation series of children is called KTB – Bharat Hain Hum and now its second season is also out.
- These three animation characters tell us about those heroes and bravehearts; men and women associated with the Indian freedom struggle who are not discussed much.
- Recently, its season-2 was launched in a very special way at the International Film Festival of India, Goa.
- The best thing is that this series is broadcast not only in many Indian languages but also in foreign languages. It can be watched on Doordarshan as well as other OTT platforms. ■
