Tableau of 16 states, display of women's power ... On Republic Day, the world is witnessing the upliftment of women in newly developed India through the Kartavya Path parade.

India celebrated its 75th Republic Day and showcased military might and cultural heritage on the Kartavya Path.

Today, India celebrated its 75th Republic Day with grandeur and dignity. Hon'ble Prime Minister Narendra Modi dedicated this unique and historic day to highlight Nari Shakti from a critical perspective. The celebrations began with Hon'ble Prime Minister Narendra Modi's visit to the National War Memorial, where he paid homage to the heroes who led the nation by laying a wreath.

India celebrated its 75th Republic Day with a spectacular 90-minute parade through the grand Kartavya Path. The ceremony, centered around highlighting "Nari Shakti" and democratic values, was graced by French President Emmanuel Macron, who was the chief guest. For the first time, an all-women Tri-Service Team participated in the country's largest formal event. The parade witnessed for the first time over 100 women artists playing Indian instruments like conch, nadaswaram, and drums, apart from traditional military bands. The states and union territories that took part in the parade included Arunachal Pradesh, Haryana, Manipur, Madhya Pradesh, Odisha, Chhattisgarh, Rajasthan, Maharashtra, Andhra Pradesh, Ladakh, Tamil Nadu, Gujarat, Meghalaya, Jharkhand, Uttar Pradesh and Telangana.

BJP Mahila Morcha National President Vanathi Srinivasan said the Prime Minister assured support to Nari Shakti and showed that the government has made Republic Day an essential platform from which new guidelines and ideals can be taken forward. The initiative of the Prime Minister is historic and worthy of praise. PM Modi's move is being praised worldwide today. The veneration of Matru Shakti by PM Modi and the decision to establish a key platform by him is welcome.

During the parade, the armed forces displayed a variety of domestically produced weapons and military equipment, including missiles, drone jammers, surveillance systems, vehicle-mounted mortars, and BMP-II infantry fighting vehicles.

Sincerely,

(VANATHI SRINIVASAN)
