He accused the congress party of incessant lies to defame the PMO for shielding their own sins in National Herald case, He said that for their lies and intolerance of false accusations they should provide the proofs of their claims in front of the people or seek pardon from the people of India for their lies and corruption. He highlighted that the congress party in order to protect their leaders is stalling the working of Indian Parliament and is hurting the development of nation which affects the crores of poor workers and their future, which is very unfortunate. The reason behind stalling the Parliament these days is the National Herald case which is in the court of law. He said that the Congress Vice President Shri Rahul Gandhi and Smt Sonia Gandhi has usurped the property worth crores in this case in their own name. Law is taking its own

course in this case but the congress party is stalling the parliament in this matter is very unfortunate. Though this is not the first time congress has done this, after the defeat in the lok sabha election in the 2014 congress has stated this stalling the parliament from the very first session. First roadblock was because of the leader of opposition in parliament, then on the journalist Mr Ved Pratap Vadik meeting with Hafiz sayeed and in the fifth session because of the IPL issues. He questioned that Is the interest of Shri Rahul Gandhi and Smt Sonia Gandhi is more important than the national issues concerning the 150 cr people. Shri Sharma said that if the congress party has trust in its leadership why they are interfering in the judicial system of this country. The congress party has to answer these questions to the people of India.

The national Secreatry of BJP Shri Srikant Sharma said that by stalling the processedings of the parliament the congress party is feediling with the aspirations and hope of 150 cr peoples especially the poor and workers class just for the appeasement of 10 Janpath. He appealed the congress party to leave all these gimmicks and support in the fair trail in the national Herald case in the national interest.
